Ground-truth and files list

In this folder you can find the durations, ground truth and mapping list for the public (youtube) dataset and the synthetic set of the DCASE CHALLENGE 2021 Task 4.

The mapping is between the anonymized (official eval) file names and the files name as presented in the annotations.

In particular:
- **eval_durations.tsv** : durations of the evaluation set clips (public set + synthetic set)
- **ground_truth_eval.tsv**: ground-truth for the evaluation set (public set + synthetic set)
- **mapping_file_eval.tsv** : mapping file list of the evaluation set (public set + synthetic set)
- **public_durations.tsv:** durations of the public set clips
- **ground_truth_public.tsv:** ground-truth for the public set
- **mapping_file_public.tsv:** mapping file list of the public set
- **synth_eval_durations.tsv:** durations of the synthetic set clips
- **ground_truth_synth_eval.tsv:** ground-truth for the synthetic set
- **mapping_file_synth.tsv:** mapping file list of the synthetic set
